1/ Types 11-37 are reported on the basis of packed weight.

2/ The instructions for reporting unstemmed cigar-leaf of domestic types require that dealers and manufacturers indicate the weight basis on which the tobacco is reported, namely, farm-sales-weight, marked weight, or sweated weight. The stocks are converted to the farm-sales-weight equivalent on the basis of average factors reflecting the percentage reported each quarter in each of these three categories.
